

Global Endowment Management Named A Best Place To Work In Money Management By Pensions & Investments

New York, NY (Dec. 11, 2023) – [Global Endowment Management](#) (GEM), an \$11B leading Outsourced Chief Investment Office (OCIO) providing institutional investment capabilities for endowments, foundations and other long-term investors, announced today that the firm has been recognized as a *2023 Best Place to Work in Money Management* by Pensions & Investments. The publication's 12th annual survey and recognition program is dedicated to identifying and recognizing the best employers in the money management industry.

Since its founding on 2007, GEM has sought to cultivate a culture defined by intellectual curiosity, service, and integrity. The firm's boutique size not only allows team members to provide integrated, hands-on service to their diversified client base, but also enables colleagues to foster authentic relationships and respectful collaboration across teams. "As their employees attest, the companies named to this year's Best Places to Work list demonstrate a commitment to building and maintaining a strong workplace culture," said P&I Executive Editor Julie Tatge. "Even as firms grappled with volatile markets and ongoing stresses from the pandemic, their employees said they felt strong support from their managers, enabling them to do their best work."

"Pensions & Investments is proud to honor the Best Places to Work in Money Management for the 12th year. A strong workplace culture that supports talent, advocates progress and drives innovation is paramount to driving the best outcomes and these asset managers demonstrate that. Congratulations to the 2023 honorees for their commitment to employee well-being, attractive incentive structures and talent development that demonstrate how investing in your employees can elevate our industry to greater heights," said P&I President and Publisher Nikki Pirrello.

"We firmly believe that our people are what set us apart," said Stephanie Lynch, GEM's Managing Partner. The first part consisted of evaluating each nominated company's workplace policies, practices, philosophy, systems and demographics. This part of the process was worth approximately 25% of the total evaluation. The second part consisted of an employee survey to measure the employee experience. This part of the process was worth approximately 75% of the total evaluation. The combined scores determined the top companies.
